

# Girls Scouts of North Plainfield

Where girls grow strong!

As a Girl Scout, your daughter will grow in an environment that will nurture her creativity and intellect, providing her with both the encouragement and resources to follow her dreams. She will have the opportunity to share the experiences with girls her own age, forming lasting friendships. She will visit exciting places, learn new skills and participate in fun activities. In addition, Girl Scouting will give your daughter added support to build her self-confidence, helping her become a resourceful individual.

As a parent, our invitation to join Girl Scouting is extended to you as well. Girl Scouting will give you the opportunity to spend quality time with your daughter and other girls while you learn new skills and discover hidden talents. Come join us and discover a world of opportunities!
